Phable care, FRONT END DEVELOPMENT INTERN

January 2023 – March 2023 | Bengaluru, India
Designed and developed responsive web pages using HTML, CSS, and JavaScript. Collaborated with the development team to implement new features and functionality.

📁 PROJECTS

Food delivery web application: (using NODE JS , HTML , CSS , JAVASCRIPT , MONGO DB)
The team size of this project was 5. My role in this project was retrieving the data concept in which data will be fetched from data base to html webpage .Also I was involved in creating register form and log

URL Shrinkner web application: (using NODEJS , HTML , CSS , MONGODB , EXPRESS , EJS)
A URL Shortener is a website, that reduces the length of your URL (Uniform Resource Locator). The idea is to minimize the web page address into something that's easier to remember and track. I had done this project with my own

📜 CERTIFICATES
